Email: pbowland@mpower.org

Patrick Bowland is the CEO & General Manager of the Michigan Public Power Agency. He is responsible for the overall corporate strategic and tactical leadership of the organization that includes energy supply, energy services, asset management, operations and member relations. Mr. Bowland joined MPPA in September 2015 with over 20 years' experience in the power industry.

Mr. Bowland began his power industry career with Detroit Edison in the mid 1990's. He moved into the competitive wholesale and retail electricity markets with passage of FERC Order 888 where he worked at Engage Energy US, LP. & Integrys Energy Services, Inc. for 17 years where he has held numerous leadership positions responsible for constructing energy transactions with power generators, load serving entities and large sophisticated end users as well as developing retail gas and power markets in the Midwest and Northeast United States. The last 5 years prior to coming to MPPA Mr. Bowland was the *Managing Director of Power Supply & Market Operations* where he led a team of functional groups that include power supply portfolio management, trading, load forecasting, energy scheduling and RTO operations in MISO, PJM, ISO New England and the New York ISO.

Mr. Bowland holds a Bachelor of Science in Industrial Distribution and a Masters Degree in Business Administration from Wayne State University.
